2019 there were 21 motor vehicle accidents

2018 there were 25 motor vehicle accidents

2017 there were 58 motor vehicle accidents

2016 there were 43 motor vehicle accidents

3. **How many officers are routinely assigned to patrol the downtown area and on average how many on a home football game.**

- a. There is a Downtown shift that covers the Square area, this shift is staffed by seven patrol offices who work ten hour shifts five days a week.
- b. The Downtown shift hours of deployment is sometimes affected by the events and time of the events in and around the square.
- c. As for ball games and special events, the number of additional personnel utilized to provide service to the Square varies depending on a number of factors, i.e. team standing, popularity of event and day of the week.
- d. We have had as many as twenty-five additional offices beside the Downtown shift and as few as five.

4. **What are your current safety concerns with the downtown area? (lighting, traffic, overcrowding, violence, etc. etc.)**

- a. There are lighting issues in the area of North Lamar and East Van Buren Ave. these areas have limited lighting and are a safety concern.
- b. Night time pedestrian traffic is high and pedestrians often walk out into traffic without looking or checking to see if its clear for them.
- c. High volume events and weekend (crowds, traffic, unruly customers, etc.) produces lots of activity in and around the square. Because of this, many resources have to be utilized in this area which limits resources available to the rest of the city,
- d. In the pass few years there have bee three shootings in this area.
- e. Vehicular traffic is heavy at times and sometimes require us to close off streets, additionally vehicles often stop in the middle of the road causing safety issues for both pedestrian and vehicles

5. **Would it be possible to get videos that your department have saved showing traffic conditions around the downtown area during week day nights and on weekend ball games and non-ball game weekends. If any of those videos capture the County Court house grounds that would be great to have.**

The police department does not have any video but the City's EMA Director may have some on his system.
